Consistent positive attitude when things may look dim. She was always there for me till I got the house keys in my hand. Even afterwards, she stayed in touch checking on how I liked the house and if everything is fine. I am glad I met her (my new friend). *Sonia is awesome at what she does. I would be lying if I give Sonia anything less than 5 Stars. She helped me greatly with my first ever home search as if she is searching house for herself. She is very straightforward and genuine. She has tremendous patience. She always had the right advice to offer and she went an extra mile to meet my requirements and timings to visit the property. She got me a great house and great price. I love my new house.*

*Sonia is such a likable and friendly person. You enjoy being in her company during every home tour. She is thoughtful and generous with her time and energy. Sonia is patient and understanding and truly makes you feel seen and valued as a person, not just another client. We consistently recommend her to our friends and family whenever they are in need of an exemplary realtor.*

*We have had the privilege of working with Sonia for nearly three years as she helped us navigate between rental properties and our forever home. There is no one else we would have trusted in this process. She is not only knowledgeable and thorough, she always keeps the needs of her clients at the forefront. She is quick to respond to questions and is very proactive when it comes to ensuring her clients are cared for and supported. She is honest and trustworthy.*
